BABY'S ARMS.—It is a good plan to make a little pair of sleeves to draw over the baby's arms when he is playing on the floor; a rubber cord may be run in the top if care is taken not to have it too tight; sleeves made of stockinet draw on and off easily.

TO CLEAN GOLD.—Gold jewellery may be cleaned and be made very bright in this way:—Line a small tin cup with soft paper, fill with nice suds, put the jewellery in (one piece at a time, of course), shake it about well, rinse with clear water, and dry with a piece of chamois skin.

THE CELLAR.—A little care and expense at this time of year in cleaning the cellar may prevent sickness later in the season. Remove everything from the cellar, and, if it is possible to do so, have the walls whitewashed This will sweeten the air and if some copperas is added to the whitewash it will prove a disinfectant of value. Add enough of the copperas to colour the whitewash slightly.

BROILED OYSTERS.—Taken the largest oysters from their own liquor. Drain in a colander and then lay them on a folded napkin to absorb the moisture. Sprinkle over pepper and salt, and put them in a cold place for ten or fifteen minutes before cooking them. When ready to cook dip each one in sifted cracker crumbs or grated bread crumbs, then in beaten egg, and then in crumbs again. Place the broiler over bright fire, lay the oysters carefully on it, and, when one side is browned, turn the broiler and brown the other side. Serve hot on a folded napkin or on hot buttered toast.

QUINCE MARMALADE is delicious if you happen to like the flavour. Pare, quarter, and core the quinces, cut them in small bits, weigh or measure, and allow an equal quanity of sugar. Put the fruit in a porcelain kettle, with just enough water to cover it; when the quince is soft clear through skim it out. Then make a syrup of the water in which the fruit was cooked, let this boil, skim it until it looks clear, then drop the quinces in: let them boil for twenty minutes. Put away in jelly moulds.

OATMEAL CRACKERS.—Home made oatmeal crackers are so nice, and it is really so little trouble to make them, that almost any mother or cook can get time to try this rule:—Wet one pint of fine oatmeal with one gill of water; after mixing as well as you can take it out of the dish on the kneading board, on which you have scattered plenty of the dry meal; roll out and cut in squares with a sharp knife. The crackers should be rolled very thin; these should be baked in a slow oven, and after you are sure they are done leave the oven door open to allow them to dry. Salt should not be omitted.

France.

New York, November 19th.—The *Herald's* Paris correspondent telegraphs: The conditions are unfavorable to the Goverment, the finances are in disorder, the revenue falls off, the expenditures are increasing, and the debt is growing. The country is surrounded by suspicious neighbors, agricultural depression continues, the phylloxera extends its ravages, trade is bad, the great financial houses are overloaded with unsaleable stock, and the Bourse, feeling its own weakness, looks to the future with apprehension. To add to the troubles the Credit Foncier chooses such a moment to borrow, and in a few months a State loan is coming out. Under these circumstances, improvement is impossible.

Down in Missouri a popular minister was shot a fortnight ago by an unknown assassin. He had recently married, and at the time of the tragedy was eating dinner with his wife. The shot was fired through the window and the man fell dead without even so much as a groan. A few steps from the house a petticoat was found next morning and further down the road a lady's slipper. Both articles appeared to have been discarded by some person in hasty flight. From these circumstances, together with the fact that the minister was very popular with the female members of his congregation before his marriage, and very unpopular afterwards, it is inferred that the assassin was a woman.

IF you are a professional man, an editor, lawyer, clergyman or doctor, so thoroughly overworwked that now every mental effort is attended with a sense of weariness, followed by headache and more or less severe nervous prostration, take a dose of DR. AUSTIN'S PHOSPHATINE along with your meals for a week or two and we are certain it will relieve you. For sale by all druggists. dw

THERE is no remedy known to medical science that is more positive in its effect to cure Cholera Morbus, Colic, Diarrhœa, Dysentery, Cholera Infantum, and all Bowel Complaints than Dr. Fowler's Extract of Wild Strawberry. (35)

IT is a fact that Dr. Fowler's Extract of Wild Strawberry has more well earned testimonials of praise for its virtues in curing Cholera, Colic, Cholera Infantum, Dysentery, etc., than all other remedies of that class combined. It will stand investigation.

DR. COOPER'S VEGETABLE LIVER-WORT AND KIDNEY CURE

IS CHINA READY FOR WAR?

A Chicago merchant who has just returned from China is of opinion that China is far better equipped to go to war than Europeans or Americans generally think. He says: I don't know the number of troops in the Chinese regular army, but I have no doubt that at a necessity she could, on a very short notice, raise from 500,000 to 1,000,000 well-drilled and finely equipped men. The standing army of China is drilled upon the European plan by European instructors. There are eighteen viceroys in China, and each viceroy has an army of its own, which would be at the command of the general government in case of war. These viceroys' troops are more than militia—they are regulars. China has for years been supplying herself with improved arms. She has purchased through German merchants, doing business in her towns, all the needle guns which Prussia used when she went to war with Austria in 1866. She has more than 2,000,000 of those pieces besides Schnieder rifles and also some Remington rifles. I have no doubt that China could easily arm 500,000 men with these improved arms. China has also purchased through European houses a number of Krupp and American cannon. The Chinese navy is of formidable strength. It includes about a dozen men-of-war of the latest armament and power, a dozen corvettes and another dozen revenue cruisers. Each of the latter carry three heavy guns. Some of these vessels were constructed in England and some in Germany. All the war vessels have English engineers, and some of them are officered by Englishmen. The Chinese are making cannon themselves now. They have foundrys near Shanghai, where they are casting steel cannon. These are made exactly as Europeans make them. Apparently there are large arsenals in different parts of China, where arms and vast quantities of ammunition and other materials of war are stored. Certain it is that the bulk of artillery belonging to the government is in fine condition.

WHEAT BY RAIL.

A New Orleans dispatch says that C. P. Huntington, of the C. P. R. syndicate, in an address before the New Orleans common council a day or two since, said he proposed to compete with sailing vessels which go around Cape Horn for carrying 1,250,000 tons of California wheat which goes to foreign countries; that in competing with sailing ships for the trade he had found that ships which go to San Francisco for wheat carry their cargoes of coal from England, Australia and elsewhere. In order to compete with them at this point he had bought extensive coal deposits on Puget Sound and was building ships to freight this coal to San Francisco. In this way he could supply a large amount of of the demand for coal, and thereby render it unprofitable for wheat ships to bring coal there. He was already arranging with foreign ship owners to put on between New Orleans and European ports a line of steamers. These ships will be of the largest class and fast sailors, leaving New Orleans and the other side of the Atlantic at a regular given date.

A Canadian Lady and a Canadian Winter.

VICTORIA, Nov. 17.

TO THE EDITOR.—I read from "A Canadian Lady's" letter that the thermometer never registers lower than 20 degrees in Toronto.

If "Canadian Lady" can remember the years 1859-60 she must also remember that severe winter, and I beg to inform her that I know on one night at the city hall, Toronto, the thermometer indicated 23 degrees below. In that winter more than one unfortunate creature was found frozen to death in the streets. I remember one night particularly when the cold, with the wind blowing, was so bitter that I had to relieve the constables (who were doing duty on the streets) every half hour.

I think it was about Christmas that I saw a snow drift which was from 25 to 30 feet deep on one of the main streets—King or York streets—and at the other end of King street at the Don bridge, the limit of the city, the snow was so deep that in visiting my men on their beats I fell through the soft snow about 10 feet, so deep in fact that I had to call one of my constables to help me out.

And oh! the misery of the many poor there. I could not picture it in print, and none would believe it without they saw it. I have seen, and had also to visit, 15 and 20 poor unfortunates huddled together to keep them warm—no work—and the ground frozen for months and months together. In the year 1862, 24th April, snow was upon the ground some inches. I saw it outside the city as I was swept past on the Grand Trunk railway and so did also about 200 other Canadians, and they shuddered. To the most of them that shudder was the last—we were on our way to British Columbia where they remain—without a shudder.

"A Canadian Lady" is possibly able to enjoy herself through a Canadian winter. With everything at one's command why should it not be so? Plenty of expensive furs, good horses, good houses, nothing to do, only to visit one's friends, with the best of living, etc., etc.; but to the poor a Canadian winter is literally starvation. Thousands, indeed, would only be too happy to be in "A Canadian Lady's" shoes, and those shoes in Victoria. No wonder she suffers from neuralgia. I am surprised she does not suffer all the ailments that poor weak mortals are subject to.

She may thank goodness that she is in the land of the living, for most probably had she stayed in Canada any longer her sufferings with pain would have been more than her frame could bear, and the end would have been that instead of "A Canadian Lady" she would ere this be living amongst the angels.

East Road Saanich Mails.

NORTH SAANICH, B. C.,
Nov. 25th, 1883.

TO THE EDITOR.—I beg leave to call your attention to the inefficient state the North Saanich mail service is in. The mail carrier is coolly taking the responsibility on himself of not delivering it on this road till Wednesday, when the contract calls for it on Tuesday.

He has no excuse for this, as the roads are in excellent order and if his team are not good for sixteen miles in one day then he had better give some one a chance who will carry the contract out and not let us be disappointed every Tuesday evening as we are at present.

EAST ROAD FARMER.

DELAYED DISPATCHES.

EUROPE.

PARIS, Nov. 24.—Marshal Serrano, in presenting his credentials, said: "King Alfonso desires me to express his sincere wishes for the welfare and prosperity of France and her president. He is convinced, as I am, of the advantages which will accrue to the two countries from a consolidation of the good relations which have united them for many years, and is satisfied that the more they show their mutual esteem and sympathy the greater will be the development of these friendly relations, which are based on so many bonds of union. I will do my utmost to requite the confidence of King Alfonso, by giving constant proofs of these sentiments, which are those of the king's government and nation." President Grevy replied: "I receive, with real pleasure, letters in which King Alfonso accredits the illustrious marshal who has made for himself so great a military and political name. No one than myself more sincerely desires the happiness of the king and the prosperity of the Spanish nation. Their community of origin and the identity of their national interests make France and Spain two sister nations, which ought always to remain united, with no thought of the aggrandizement of one to the detriment of the other. They ought only to be rivals in the peaceful arena of production. You will find here all the sympathy you may require."

BERLIN, Nov. 24.—It is thought probable that the decree forbidding the importation of American pork will soon be withdrawn.

PARIS, Nov. 25.—Roux de Frassainef, a prominent banker of this city, has failed. Liabilities, 18,000,000 francs; assets, 15,000,000.

ST. PETERSBURG, Nov. 24.—There appears more and more ground for the report that the czar, some time ago, selected Count Tolstoi and Privy Councillors Pobedonozff and Knottoff to elaborate a constitutional charter, said to contain provisions more adapted to the spirit of the age wherein, though the principle of autocracy is maintained, a possibility is given prominent persons, as representatives of the people, to mediate between the latter and the crown, as advisers of the government. These reforms are granted in order to do justice to the universal desire of the people.

China.

SHANGHAI, Nov. 25.—The North China Herald says: The emperor has privately instructed the viceroy at Nanking to begin hostilities against the French in the event of an attack on Baeninh, and has enjoined him to maintain order at treaty ports.

The emperor of China in his instructions to the viceroy at Nankin to begin hostilities against the French in the event of an attack says: "The fact that Annam is a vassal of China is widely known, yet the French have dared to invade. Moreover Baeninh constitutes the gates to the celestial realm, yet the French have repeatedly sought to encroach there. We, therefore, command the prince and ministers to inform the French envoy that if France dares to encroach further on Baeninh China will forthwith dispatch a large army to fight the French.

HONGKONG, Nov. 25.—The possibility of war has caused a great drain of specie at Canton. Wealthy Chinese have withdrawn $5,000,000 in the last three months from a Chinese bank in Kwang Tung province. Chinese mercantile interests at Hongkong and Shanghai are paralyzed.

In regard to the fight at Hai-Dzuong, but for the aid of a passing gunboat the position would have been lost. The French garrison had 150 men killed. The town was completely destroyed.

Hai-Phong is threatened by pirates, who have encamped within half a mile of town. Their number increases daily.

No advance has been made yet against Baeninh and troops are lying idle at Ha Noi. It is believed nothing will be done before the first week in December.

There has been extensive recruiting proceeding in Han-Kow district, where 20,000 men are already enrolled.

The garrison at Hai-Dzuong has taken refuge aboard the gun-boat Lynx awaiting the arrival of 1,000 men from Ha-Noi.

PARIS, Nov. 24. — Admiral Payson, minister of marine, has received a dispatch from Admiral Courbet, commander of the French forces in Tonquin, stating that all available troops have been concentrated at Hai-Noi. In order to begin operations sufficient garrisons have been left to defend other citidals of the delta. The enemy attacked Hai-Dzoung on the 13th inst, but were repulsed. At the time of sending the dispatch, the 17th, the sound of cannon was heard in the direction of Hai-Dzoung.

A telegram from Saigon says the French began operations in Tonquin on the 29th instant.

The fight at Hai-Dzoung lasted seven hours. The French loss was twenty killed and wounded.

Madagascar.

LONDON, Nov. 25.—Advices from Madagascar report that French men-of-war bombarded the unfortified towns of Vohemar on the north coast of Madagascar, November 8th, without giving notice. Five British subjects were killed, and much property belonging to neutrals destroyed or plundered.

THE PAPAL CONFERENCE.

Serious Crisis Among the Bishops.

LONDON, Nov. 14.—Dispatches from Rome show that a serious crisis was reached in the Papal Conference yesterday, when the American bishops were unitedly opposed to the majority of the Sacred College. The discussion was confined to the best means for the diffusion of the catholic religion among the American people. The Americans favor domestic control, while the Vatican favors strong direction from Rome. The matter will prolong the conference many weeks.

EGYPT.

Doubts Expressed as to Hicks' Defeat.

KHARTOUM, Nov. 25.—The defeat of Hicks Pasha occurred the 4th inst.

CAIRO, Nov. 25.—The governor of Khartoum telegraphs that two chiefs stated that the reported defeat of Hicks Pasha was false, and that Hicks Pasha is at El Obeid, and that El Mahdi has been killed.

It is believed here that the report sent by the two chiefs refers to the state of affairs at the close of the first day's fighting with the forces of El Mahdi.

NEW WESTMINSTER.

Heavy Rain Storm.

(Special to the Colonist.)

NEW WESTMINSTER, Nov. 27.

Heavy rain set in last night and is still coming down in torrents; snow fast disappearing.

Steamer Reliance has been aground near Farr's landing since Saturday. An attempt was made by the steamer Irving yesterday to pull her off, but without success. Steamer Gertrude takes her place on the river route to-morrow. Steamer Rithet moved to her winter quarters at the Coquitlam to-day.

Track now laid nine miles beyond Port Haney.

From Alaska and Wrangel.

Steamer Idaho, Capt. Carroll, arrived from Alaska at 11 a. m. yesterday. At Harrisburg Capt. Coghlan, the new commander of the U. S. S. Adams, was winning golden opinions by his straightforward good sense in dealing with the Indians and his thorough cordiality with the American and Russian settlers. Capt. Coghlan has already earned the title of very best naval commander who has ever been sent into Alaskian waters.

At Wrangel the "Salvation Army" excitement, started by one Macfarland, had subsided. The Indians finding his funds had given out had fallen away from him and what had at one time threatened to be a difficulty between the Indians and the whites had dwindled down to a condition of disgust by the Indians that after all Macfarland was only a *cultus* white man who tried to borrow money from the Indians.

On the voyage down the Idaho came through Clarence Straits, Hecate Straits and into Queen Charlotte Sound. The first bad weather she met was in Johnston Straits. The weather in Sitka and Wrangel had been remarkably mild and pleasant for the season.

The Idaho on her voyage north took up a large tank, on attempting to land which at Killisnoo, one of the crew, a Swede, got so severely jammed between it and the rail as to rupture him. It was thought he would recover and a subscription of $150 was raised for him, but after lingering in an unconscious state for thirty-six hours he died from the result of the accident. Every respect was paid his remains. His funeral was one of the largest that ever took place at Killisnoo and was attended, in addition to the inhabitants and crew and passengers of the steamer, by the garrison and men from the U. S. man-of-war in port.

DEATH OF CAPT. JULES FERY. — The death of Captain Fery occurred at the French hospital yesterday afternoon. He never rallied after being carried there on Sunday. Capt. Fery was aged 71 years. In early life he was an officer in the French navy and distinguished himself in Algiers. In 1858 he arrived at San Francisco in command of a merchant vessel and in 1860 came to Victoria. His life here has been somewhat checkered: but as he was a proud man and kept his affairs to himself, few knew that he was often in necessitous circumstances. The remains will be buried by the French Benevolent Society to-morrow.

ORGANIZATION OF ALASKA.—It is rumored that Col. Oakford, late collector of customs at Wrangel, who came down on the Idaho *en route* to Washington, has been summoned to the federal capital to assist in the framing of a bill to erect Alaska into a territory with a governor and other officers. If rumor be true that Col. Oakford will be the first governor of Alaska, his appointment will prove very popular along the whole northern coast.

P. O. HOME.—The new building for the Protestant Orphans will be opened at 4 o'clock to-day with a bazaar, at which there will be tables attended by Presbyterian, Methodist and Reformed Episcopal church ladies. In the evening there will be vocal and instrumental music, refreshments, and an auction of the goods on hand.

CAPT. J. D. WARREN returned from England yesterday, having made a quick and favorable trip.

What Some People Say.

That for bargains in clothing, etc., we all go to W. G. Cameron's Mechanics Store, Johnson street. *

That the telephone and telegraph are practically out of service. The wreck is complete.

That the missing lake steamer Frances Smith got safely to Port Arthur on the 15 h inst., having weathered the great storm.

That a butcherboy snowballed a Chinaman yesterday when the latter turned and whaled the boy until he was fain to cry "Hold, enough!"

That Messrs. Bucherat & Camsusa have a large stock of holiday wines and liquors.

That Rev. G. B. Allen of Pelatuma will sail to day for home.

That the ex-missionary over the signature of "Nicholas Break Speare" asks what Messrs. Baker & Shakespeare have done at Ottawa. Leaving their work to speak for itself, we will tell him what they did *not* do.

That they did not get drunk; they did not "catch" the delirium tremens; they did not call Sir John Macdonald a Blank dotard; they did not fight with fellow-members in the lobby of the house; they did not lie in a state of insensibility from drink behind the speaker's chair; they did not run away without paying their board bills, and they did not make themselves generally so obnoxious to the government and their fellow members that they were hated and despised by all parties and come to be regarded as Ishmaelities and a positive injury to the province they represented. These are some of the things they did *not* do.

That O'Donnell, the slayer of Carey, took out his naturalization papers as an American citizen in 1879.

That Mexico has determined to exterminate the Apache Indians.

That Mr. Thomas E. Ladner and daughter will sail for San Francisco to-day. Miss Ladner will go to the springs for her health.

That the snow, the beautiful snow has nearly all disappeared. General Thaw is great commander before whom even Jack Frost must quail.

That there were six in a cell at the gaol last night. Is not this barbarous!

That of the gaol inmates six are lunatics, three of whom are women. "Oh! it is pitiful!"

That the local government will right this wrong at the forthcoming session.

That O'Donnovan Rossa is in gaol at New York for stealing a fire insurance premium.

That Wharf and Douglas street should be extended across James Bay, a sea-wall built and the unsightly mudflats filled up.

That the warm rain fell in torrents last evening and cleared the streets of snow.

That Innes & Graveley have for sale some very cheap and beautifully located building lots within twelve minutes' walk of P. O. Terms to suit purchasers. These lots are a bargain. Office B. C. Express buildings, Yates street. *

That C. D. Rand, Real Estate Broker, opposite postoffice, New Westminster, has large lists of town lots at Port Moody and New Westminster, and is prepared to transact business to perfect satisfaction. Parties visiting the mainland will do well to see him. *

That at K. C. Miller's, Fort street, opposite Fell & Co.'s all kinds of staple and fancy dry goods, wools, etc., may be had. N. B.—Children's clothing made to order. *

Agent for the Universal Fashion Co.'s perfect-fitting patterns. *

That the Wesley church bazaar will positively take place on the 12th December, and the ladies are determined to make it an undoubted success. Lunch will be provided and concert in the evening. Doors open from 11 a. m. to 10 p. m. Admission, 25 cents only. *

That *The Colonist* office is the place where the cheapest and best printing is done. *

That Rev. Wm. Mitchell, newly installed pastor of the Westboro Congregational church near Boston, was arrested charged with stealing books. It is stated that when arrested he offered $100 to keep the matter quiet.

That a Bostonian has just been arrested for marrying seventeen wives. He made a very creditable attempt to become the "Hub" of the universe.—Rochester Post-Express. And failed because he had too many spokes in his wheel.

That Mr. George Cowan, M. P. P., for Cariboo, is in town.

That two little girls were saying their prayers prior to being tucked in for the night. When both had finished, the younger of the two climbed on her mother's knee, and said, in a confidential but triumphant whisper: "Mother, Clara only asked for her 'daily bread.' I asked for 'bread and milk.'"

That the fashionable pillow-sham is now decorated with a motto. It is rather difficult to think of appropriate mottos for pillow-shams, but here are a few that might do, "Pull down the blinds," "Don't blow out the gas;" or (if kerosene lamps are used), "If you don't sleep well, rub the woodwork with kerosene." And another, "Don't lay your hat on the floor and take your boots to bed."

That it was at the close of the wedding-breakfast. One of the guests arose, and, glass in hand, said: "I drink to the health of the groom—may he see many days like this." The intention was good, but the bride looked as if something had displeased her.

That a white man not long ago sued a black in one of the Canadian courts, and while the trial was before the judge the litigants came to an amicable settlement, and so the counsel stated to the court. "A verbal settlement will not answer," replied the judge; "it must be in writing." "Here is the agreement in black and white," responded the counsel, pointing to the reconciled parties. "Pray, what does your honor want more than this?"

That "steam is a great thing," remarked a French traveller in a railway carriage to his vis a-vis. "So it is," was the reply. "I owe my fortune to it." "Monsieur is manager of a company?" "No." "An engineer, perhaps?" "No; I have lost a number of rich relatives by railroad accidents."

That the stout party asked, "Well, Pat, how's trade?" Gravedigger—"Poorly, surr, entirely; sure we haven't burried a livin' sowl this three weeka!"

That never interrupt a woman when she is scolding. A broken rail has been known to wreck a train, and if you break her rail it will certainly interrupt her train of thought.

That the New York Journal says: "A baby is the oasis of married life." Yes, it is quite verdant, but not so green as a young father and mother.

Assize Court.

(Before Sir Mathew B. Begbie, C. J.)

SECOND DAY.

TUESDAY, Nov. 27.

The Chief Justice took his seat at eleven o'clock.

The deputy sheriff reported that the jury who had been locked up all night in the Weingart case (stealing cattle) did not want any more time, (laughter.)

His lordship ordered them to be brought into court.

The foreman (Mr. Bagnall) said it was a hopeless case.

His lordship said he supposed that the deputy attorney general would summon another jury in this case.

The deputy attorney general said not at the present time.

His lordship then discharged the jury, telling them they might go to bed then, but that they would have to appear to-morrow if required, (laughter.)

BURGLARY.

George Walkem, an Indian, was charged with stealing groceries and clothing from the store of Henry E. Croasdaile, Naas river, in December last.

Mr. Mills appeared for the prisoner.

As the evidence was similar to that given in the case of the Indian Turner, an accomplice, tried on the previous day it will be unnecessary to repeat it. The store was opened by a key won by Turner from another Indian at pitch and toss.

INDIAN NAMES.

An Indian named Pollard being called, His lordship thought that this giving the Indians false names of notable and respectable personages was to be condemned, and the Indians ought to be made aware of it, and called by their proper names. He perceived there were evidences of spite in some of the names of Indians in this case.

Mr Mills moved that the indictment be amended as the name of the prisoner, Geo. Walkem, was evidently intended as a slur upon one of the judges, (laughter.) He also believed the names of other judges had been given to Indians, that one even had been called after his lordship, the chief justice, (laughter.)

His lordship, somewhat amused, said it was a pity that some men should be bent on circulating a lie and dragging everything to their own level. He thought Mr. Mills' application was a very proper one.

The deputy attorney general said the man had pleaded to the name in the indictment and he objected to any amendment.

After some further testimony Mr. Mills addressed the jury.

His lordship said the only question was the reliability of the witnesses Turner and Cow Cacken and that they appeared to corroborate each other.

The jury retired about 1:30.

AFTERNOON SESSION.

LARCENY.

Ah Yue, a Chinaman, was charged with larceny of goods from Mr. Williams and others. The indictments included two charges of stealing and receiving, and the prisoner was found guilty in each case.

NEGLECTING TO PROVIDE FOR HIS FAMILY.

Chas. Sinclair was placed at the bar charged with neglecting to provide for his family.

The prisoner had no counsel.

The evidence was substantially to the same effect as that given in the police court.

Mrs. Smithurst, sworn.—Testified to the utter destitution and weak state of the woman, Mrs. Sinclair, when visited by her, and the way in which she had endeavored to provide her with food for nine days.

Supt. Bloomfield stated that the woman and children had been removed from the house with the aid of the Benevolent Society and the government. The woman had a few clothes, but it was found difficult to cover the children. The prisoner could not be found for some time, but finally turned up at North Saanich. He was guilty of the same kind of conduct twelve months ago, and only turned up just in time.

The prisoner appeared to be an intelligent man, but his efforts at cross examination did not assist his case.

The trial occupied a considerable portion of the afternoon.

THE GEO. WALKEM CASE.

The jury in the case of George Walkem came into court about 4:30 o'clock with a verdict of guilty.

Mr. Mills took exception to the form in which the verdict was given, and asked to have his objection noted.

His lordship consented, but could see no objection, there was the evidence, and the man was already a convicted thief.

THE SINCLAIR CASE.

In the case of Chas. Sinclair, charged with neglecting his family, no evidence was produced for the defence.

His lordship instructed the jury to the effect that the crown having failed to furnish proof of the marriage, there was no case to come before them.

The prisoner was then recommitted. This being the last case to be tried this term the petit jurors were discharged.

It was announced that the sentences would be given at 12:30 to-morrow.

The court adjourned at 6 o'clock.

Municipal Police Court.

(Before Hon. A. F. Pemberton.)

TUESDAY, Nov. 27.

Two cases of drunkenness were fined five shillings each.

VAGRANCY.

W. Patton, remanded from the 24th inst., was admitted to bail in the sum of $25 to enter an appearance three days hence.

UNLAWFUL POSSESSION.

A man named Abraham Lowe was charged with being in unlawful possession of a setter dog the property of Mr. Theodore Davie.

The prisoner was remanded till Thursday.

The case of James Black for taking away some fishing tackle from a sloop was dismissed.

LUNACY.

An unfortunate man named George Larock was committed to the asylum.

JOS. SOMMERS,

Office and fancy furniture made to order. Repairing neatly done. Orders from country promptly executed. All work guaranteed. Call and examine. *2m

FROM SAN JUAN. — Yesterday the steamer Lottie made her maiden trip from San Juan and the Islands, between which henceforth she is intended to ply regularly, bringing farm produce and other freight.

THE WEEKLY COLONIST is ready for mailing.

CASSIAR.

Last News of the Season.

Mr. John Grant, M. P. P., who arrived yesterday from Cassiar, states that the business of the mines has been fairly prosperous, the total output for the year being between $130,000 and $140,000. There have been no new strikes, miners in most cases have followed up present developments. The general health of the camp during the past season has been good. Several claims have paid considerably over wages, notably the Berry Gulch claim on Thibet creek; the Peter Traynor; the Bradley Driscoll on Five Mile Gulch and the Blue Bell Co. On the lower part of the creek Humphries & McVickor were taking out good pay with better indications. A number of tunnels were being run to tap the lead worked by the Bradley-Driscoll. Claims on Dease creek, with one exception (Wilson's) had met with indifferent success. On McDame creek a Chinese company took out from $20,000 to $22,000 in 100 feet ground, and expect to do as well for the next four years. Several other Chinese were doing well, and quite an extent of ground on the lower benches gave good promise and employed quite a number of people. The McNutt claim had paid well. The present owner bought it on credit, but had already paid for it and accumulated a handsome balance. Taylor & McQuarg, on Quartz creek, near McDame creek, had got out good pay and were still working in the drift, as were several companies, some of whom were doing well. A company on the First North Fork commenced work at the close of the season with excellent prospects; they were drifting on what is known as the old Pocahontas ground. The general outlook is fully as favorable as it has been for the past four years. On Walker creek a number of Chinamen have done so well that they will return next spring and re-open their claims. The men who were at DeLoire had nearly all returned reporting poor success. They intend, however, to try it again. About 130 men (including Chinese) were left at the mines.

Messrs. Sylvester and Clearihue were both expected to arrive in Victoria from Cassiar with an express some time in January next.

Marine.

The ship John R. Kelly has cleared from New York for San Francisco with 4950 tons general cargo, which she was only 20 days in loading.

Steamship Sardonyx is due from San Francisco to-day.

Steamship Mexico sails from the outer harbor at noon to day.

Yesterday morning at 11 a. m. the steamship Idaho arrived from Juneau City and Sitka. She came via Nanaimo which port was reached last Sunday night and left again early Tuesday morning. She left Victoria yesterday afternoon for Portland by way of the Sound. The steamer had a cold and rather rough trip.

British barque Moravian from Victoria, arrived at Sydney, Aus., Nov. 17.

The barque Suletelma, Capt. Graham, arrived in Royal Roads yesterday in ballast from Valparaiso.

Hudson Bay Co.'s Report.

The annual report is just out. The Company's ships have not yet returned from Hudson's Bay, and the returns of the last year's outfit are not complete, but it is expected they will not fall short of the average of recent years. The general trade of Winnipeg and the Northwest is said to have been affected by the depression. In the land department the progress in collecting arrears has not been so satisfactory as could have been wished, but the general prospects are stated to be encouraging. The result of the year's business announced in the June report caused some disappointment, and shares have fallen 2½ since Wednesday.

BLUE RIBBON CLUB.—The following were on Monday last elected office bearers: A. J. McLellan, president; A. J. Clyde and D. M. McLean, vice presidents; W. Brooks, secretary; G. A. Sargison, corresponding secretary; M. Humber, treasurer; Prof. Francis, choir leader; Mrs. A. J. Clyde, assistant choir leader. The accounts of the past six months were presented showing a satisfactory financial position, and an accession of 107 to the ranks of the pledged under the Blue Ribbon Banner. Laying aside all sectional feeling, we note the existence of unbroken harmony and a united sentiment in the prosecution of the work the club has laid out for itself—the rescue of the moderate drinker and the inebriate, and active opposition to the liquor traffic.

LONDON THEATRE.—The curtain rang up to a full house at the London Theatre last night. The piece given was the "French Spy," and it was doubtless owing to the satisfaction given the previous evening that the attendance was so good. Miss Fannie Wood looked charming and acted with her usual spirit. Mr. Cleaves infused great force into his part of Mohammed. The climaxes of the second and also the fourth and last acts were very dramatic and effective, and were consequently loudly cheered. Mr. Holmes Grover and Miss DeLome followed in a screaming farce, which fairly brought down the house. The "French Spy" will be given again to-night.

PERSONAL.—Among the North Pacific's passengers last evening were W. G. Purdy, Esq., treasurer C., R. I. & P. R. R., J. H. T. Quick, Esq., president of the Democratic Club of Chicago; and George Dillwyn Cook, Esq., a prominent Chicago merchant, who return to-day by the same conveyance. Mr. Grant, M. P. P., for Cassiar, and Mr. Vowell, magistrate for Cassiar, arrived by the Idaho.

BY MISTAKE.—If the gentleman who yesterday left a cheap cotton umbrella at this office in exchange for an expensive alpaca will rectify the error to-day, he will confer a favor on his truly, the editor.

THE PRITCHARD HOUSE. — Messrs. Briggs & Gray will open their beautiful new hotel to-day. The furniture and fittings are very handsome and were mostly manufactured here.

AGE should always command respect, in the case of Dr. Fowler's Extract of Wild Strawberry it certainly does; for 25 years that has been the standard remedy with the people for Cholera Morbus, Dysentery, Diarrhœa, Colic and all Bowel Complaints. (33)

NOTICE OF DIVORCE.—Virginia Tietjen has been granted a divorce from A. P. Tietjen and she has been granted the custody of their minor child and is to assume her maiden name of Virginia Williams.—*Grass Valley Tidings, July 19th.* *1m

Eastern Canada Mail.

(Per Northern Pacific Railway.)

A firm of bankers in Winnipeg, R. Adamson & Co., is in difficulties through real estate speculations. No less than twelve writs have been served and judgment has been signed for $68,000 in favor of a leading bank, which, it is understood, has been carrying him. The bank will, it is thought, give Mr. Adamson an opportunity to extricate himself. At present there is nothing available for unsecured debts, he having, we are informed, even disposed of his household effects.—Monetary Times.

Mr. Ed. P. Rice, manager of the Saskatchewan Coal Co., who has been in charge for the past four months, passed through to Winnipeg to-day. He reports the mine as being worked to its fullest capacity, and that orders for coal are coming in from all quarters. Mr. Rice's visit to Winnipeg is on important business connected with the company's claim to the land on which the mine is situated. It is probable that the difference as to title will be satisfactorily adjusted and that the country will be benefitted in the matter of cheap fuel.—Brandon Sun.

STEATHROY, Ont., Nov. 12.—The trial of the West Middlesex provincial election petition resulted in unseating the respondent, Johnston, Conservative.

HAMILTON, Nov. 12.—Dan Sullivan, who keeps a corner grocery in this city, and John Long, moulder, have been arrested as participators in the twelve thousand dollar burglary at Darling's jewelry store, in Simcoe.

FLESHERTON, Ont., Nov. 16.—At the adjourned inquest last night, into the death of Rossane Leppard, the wife of Cook Tait, the jury returned a verdict of death by strychnine administered by her husband. They had been married only three weeks, Tait having had the girl's life insured for $10,000 before the ceremony. The man is now under arrest. The evidence of the analyist who examined the stomach showed that the girl had died from the effects of strychnine poisoning. It was also shown that Cook Tait, her blind husband, had strychnine in his possession, but he denied having administered it.

BRANTFORD, Nov. 15.—Early this morning a snow storm set in and by noon a foot of snow had fallen an a level.

GUELPH, Nov, 15.—J. H. Collins, a son of the Rev. W. H. Collins, Vicar of York, England, and a student at the Agricultural College, died very suddenly at that institution to-day. He was on his way to dinner when taken ill, and in less than twenty minutes breathed his last. Hemorrhage of the lungs was the cause of death. The deceased was 21 years of age and had only been out from England a few weeks. His father has been apprised of his death by cable.

The local election for Levis, Quebec, took place yesterday and resulted in the return of the opposition candidate.

PORT ROWAN, Nov. 16.—Capt. Woodward, of the life saving station, proceeded to the wreck at daylight this morning of the ill-fated schooner which went ashore on Long Point yesterday. With the spy glass the schooner, being as one mass of ice, the name on the bows completely covered up, upon the stern as near as can be made out, reads: "E. Fitzgerald, of Buffalo." She now lies with her bow outward. Her port rail and bulwarks have all been washed off and now lie upon the beach. The deck is under water. She is supposed to be loaded with wheat, as wheat has been washed ashore near the wreck. Further reports from those who reached the beach immediately after she struck say that only six men were seen to enter the yawl. Hence only six men have met their fate instead of eight as reported yesterday.

HAMILTON, Nov. 14.—William Lawler, a noted safe cracker, was arrested here to-day. He was the principal in the burglary at Simcoe last week, when $13,000 worth of jewelery was carried off.

In connection with the failure of Field & Davidson, saddlery and hardware dealers, of this city, it is said that their account with the Bank of British North America was overdrawn considerably, and when the firm transferred their business to the Bank of Hamilton the former bank came down on them and precipitated their failure. It is believed the assets are larger than the liabilities, but they cannot at present be realized.

OTTAWA, Nov. 14.—C. J. Brydges is in the city on business with the government. He had an interview with Sir L. Tilley in regard to some claims between the Hudson's Bay Company and the Federal Government. MONTREAL, Nov. 17.—The Morrice estate was formerly transferred to the trustees to-day, all concerned having signed the deeds. Morrice will assist in winding up the estate.

MONTREAL, Nov. 12.—The Wesleyan Theological College, Montreal, opened yesterday. There was an immense attendance. Principal McVicar and Bishop Baldwin, of Huron, were present and spoke.

MONTREAL, Nov. 8.—In adjourning the Superior court here yesterday, Mr. Justice Johnston, one of the most facetious members of the local bench, committed the following piece of appropriate pleasantry: At the close of the court he remarked with unusual gravity: "This being the last case on to-day's list, and their being no further business before the court, and to-morrow being Thanksgiving day and a public holiday, and the crier being fast asleep, I will take it upon myself to adjourn the court until Friday morning at half past 10 o'clock. It would be uncharitable to awaken the official, and I do not think my right to exercise his function will be disputed." The judge thereupon vacated the bench, and the lawyers, clerks, and witnesses left the recumbent and unconscious crier sole occupant of the court, amid much merriment in the corridors.

HALIFAX, N. S., Nov. 9.—An unknown schooner was discovered sunk near Meteghan. Digby county, Wednesday morning. Her topmasts were observed sticking above water, and boats put out to where the vessel lay. The boatmen, on looking down, saw her boats hanging to the davits, but could distinguish no bodies of any of the crew, nor make out the vessel's name. The crew did not land anywhere on shore, and it is believed they have all gone down with the vessel.

Considerable excitement prevails in Kentville over the sudden and mysterious disappearance of J. W. King, private secretary for Peter Innes, manager of the Windsor and Annapolis railway, who has been missing since Monday night.

LONDON, Nov. 16.—In the court room last evening, A. M. Sullivan, member of parliament, during a speech became unusually excited and fell in a fainting fit. It was rumored all about that he had dropped, and the excitement in the vicinity became intense. He was carried to an anti-room insensible, and lay in a comatose condition all night. This morning the physicians say that he lies at the point of death, and that recovery is almost impossible. The cause of excitement is attributed to overexertion in his connection with the O'Donnell case, in which he was the chief counsel. The affair creates great uneasiness among O'Donnell's friends, who had been placing the greatest hope on the efforts of Sullivan.

LONDON, Nov. 15.—Hurgan, ex-manager of the Union Bank at Birmingham, was sentenced this morning to fifteen years' imprisonment for embezzlement and falsifying accounts.

THOMAS SEXTON ROBBED.

The Unpleasant Experience of an Irish Agitator.

NEW YORK, November 20.—A cable special to the *World* from London of November 19th says: Thomas Sexton, Home-Rule member of Parliament, has had a very unpleasant and somewhat unsavory adventure. At 2 o'clock on Friday morning as he was being driven homeward, he alighted at a public-house in Seven Dials to get some brandy. On returning to his cab he was attacked, as he swears, by seven ruffians, who gagged him, pinioned his arms and rifled his pockets, obtaining among other property a gold watch and chain. All the footpads escaped, except one, who was captured by the police and tried to-day at the Old Bailey. His defense was that he had simply assisted a drunken stranger to get into a cab and had no hand in the robbery. One of the jurors asked the complainant if it was true he had been under the influence of liquor. Sexton furiously denied the assertion. This episode caused a general smile in Court, but did not help the prisoner, who was promptly convicted by the jury and sentenced to fifteen months' imprisonment.

A Good Play

Is now before the public with every assurance of success. The actors are well up in their different parts, and as perfection is their motto, they will use their best efforts to please. The place of attraction is on Johnson street at the headquarters of A. Gilmore, the Pioneer Tailor and most extensive dealer in clothing in British Columbia. He has just opened and now offers for sale the most complete line of Clothing and Waterproof Goods ever imported by him. A full assortment of men's and boys white and colored shirts in great variety. All of these goods will be sold cheaper than ever before offered. Garments made to order and a perfect fit guaranteed. Come early, admittance free.

N. B.—The balance of our boots and shoes will be sold at cost to clear them out. 1m

Conspicuous

Among Christmas exhibits are the cards for this season. Chastity in taste becomes confused in their selection, because they represent so many "par-excellence" publishers. To please all tastes we have in stock Saunders & Co., Hildersheimer, Raphael Tuck & Sons, and Prang's Xmas and New Year cards. The latter, although excellent as usual in beauty of design, will be found fully equalled by the former, and even surpassed in cheapness in price. T. N. HIBBEN & Co. tjan. *

J. E. KENNEDY, dispensing chemist Cobourg, says that no blood purifier that he has ever handled has had such a large sale as Burdock Blood Bitters, and adds, "In no case have I heard a customer say ought but words of praise for its remedial qualities." (31)

Of all the sweets of which mortals can dream,
There is none to excel strawberries and cream.

Neither is there any remedy known to mortals that can excel Dr. Fowler's Extract of Wild Strawberry as cure for Cholera Morbus, Cholera Infantum and Bowel Complaints. (29)

TRUE merit brings its own reward, in the case of Burdock Blood Bitters it is rapidly bringing its reward in its increasing sales; as a prominent Druggist recently said, "it now sells on its own merits." It is the grand specific for diseases of the Blood, Liver, and Kidneys. 25,000 bottles have been sold during the last three months. (34)
